

CURRICULUM VITAE

Full name: Mr Chouayeethao CHERCHING

Address: Dongkhamxang Village, Hadxaifong District,
Vientiane Capital, Lao P.D.R.

Phone number: (856 20) 98759831, (856 20) 51780246

Email: chouayee77@gmail.com

I am a dedicated **Head of Software Development** and **Senior Full-Stack Developer** with extensive experience in architecting and deploying large-scale digital ecosystems. I specialize in bridging technical strategy with business objectives, leading diverse teams of over 20 engineers to deliver high-impact solutions. My expertise spans from high-level system design and microservices to hands-on development in financial technology, logistics, and electric vehicle infrastructure. I am committed to maintaining high technical standards and driving innovation through modern DevOps and secure coding practices.

WORKING EXPERIENCE

Head of Software Development

Lailaolab ICT Solutions Co., Ltd - Vientiane, Laos

May 2024 - Present

- **Strategic Leadership:** Spearheaded a department of 20+ engineers across backend, frontend, mobile, QA, and UX/UI, aligning technical strategy with annual company goals.
- **System Architecture:** Oversaw end-to-end development cycles and critical architecture decisions, including microservices implementation and cloud migration.
- **EV Charging System:** Developed a backend integrated with **OCPP 1.6J**, enabling real-time communication and remote control of charge points.
- **Call Taxi System:** Built a comprehensive platform including driver-rider matching, GPS tracking, and live fare estimation.
- **Logistics System:** Integrated customer, driver, and admin platforms for transportation, parcel delivery, payments, and operations monitoring.
- **Parcel Delivery Express:** Engineered a scalable delivery system with real-time tracking, multi-payment support, and dynamic pricing based on weight and distance.

Full Stack Developer

Lailaolab ICT Solutions Co., Ltd - Vientiane, Laos

June 2022 - May 2024

- Designed and implemented scalable web and mobile applications using **TypeScript**, **NodeJS**, and **ReactJS**.
- Engineered an **Online Payment Facilitator** system that successfully integrated with **3 major banks in Laos**, streamlining B2B and consumer transactions.
- Developed a custom **Leasing Management Application** for a leasing company to automate contract generation, installment tracking, and customer notifications
- Developed an **Online Payment System** with **credit card support and Lao QR code** integration, expanding digital payment options for local businesses
- Optimized database performance using **MongoDB** and **Redis** for high-traffic service ecosystems.

FrontEnd Developer

Lailaolab ICT Solutions Co., Ltd - Vientiane, Laos

Nov 2021 - June 2022

- Led frontend development for a **CarSharing Platform**, supporting flexible hourly car rentals and booking management
- Led mobile development for a **Leasing Management Application**
- Led frontend development for a **Live Ordering CF System**

Skills

- **Back End Development:** NodeJS, Express, GraphQL, Socket, Golang, Fiber.
- **Front End Development:** ReactJS, NextJS, Flutter, HTML, CSS, Javascript, Typescript, Dart.
- **Database:** MongoDB, MySQL, Redis, SQLite.
- **DevOps & Cloud:** AWS, Docker, Github Actions, System Design.
- **Other Tools and Service:** Bank API, Firebase, Stripe, Paypal, OCCP 1.6J.
- **Soft Skills:** Known for **high accountability**, clear **communication**, and sharp **problem-solving** ability
